

SKOOSH CLUB

Senior Kids OOSH Club

Special Activities Program

Term 2 2020

Welcome to Term 2

Daily Program

The SKOOSH Club has its own daily program with both indoor and outdoor activities planned just for them, separate to our junior program.

We'd love to hear feedback from you or your children for ideas for next term.

Special Activities!

Special Activities are planned in addition to the daily program.

These special activities happen one day each week to ensure every child has a chance to participate in at least one. The activities for Term 2 are incursions only.

The cost of these activities is paid for by the Centre, children are not required to bring any money 😊 and all resources are supplied by the centre. This includes devices for any technology themed days.

Activity Types:

Active (Gross-Motor Skills)

Art

Construction

Food (Sensory)

Relaxation

Science

Technology

Termly Program:

Check out our new format! Each activity links to a different skill or theme with the aim for children to experience as much variety in the program. These have been colour-coded so you can see how the activity relates to each theme.

Expectations

We love being able to give our Senior children their own program with some special privileges, such as term-time excursions, along the way however with these privileges comes extra expectations.

It is expected that, being a Senior member of NWOOSH, children will take on additional responsibilities and demonstrate appropriate behaviours at all times. It is expected that they will act as good role models to the younger children, respect and assist educators and follow Centre rules.

Should a child not demonstrate appropriate behaviours then they may not be allowed to participate in the SKOOSH program. Rights and responsibilities are outlined in the SKOOSH agreement which must be signed by parent and the SKOOSH child before they are able to participate in the special activities programmed.
