Walking to and from Venue - multiple Educators on excursion	Being injured by traffic while crossing road or walking	Extreme	Staff: child ratio will be a maximum of 1 adult to 10 children. Children will walk in pairs on the left hand side of the footpath.	Educators and children	Children will be advised of instructions prior to excursion. Educators will position themselves at the beginning of the line, the end of the line and evenly down the middle of the line for the walk to the venue. Educators will remain in this format for entire walk from leaving the centre to the venue and on the return trip.	Moderate
Walking to and from Venue - multiple Educators on excursion			The educators will position themselves on the road side when walking to and from the venue to keep the children safe.	Educators		
Walking to and from Venue - multiple Educators on excursion			The lead Educator will cross to the middle of the side street prior to children beginning to cross the road. The Educator in the middle of the group will take over from the lead Educator in the middle of the road as the children cross, allowing the lead Educator to continue with the front of the group. The last Educator will cross at the end of the group, ensuring no children are crossing the road behind them. This formation will allow the educators to block oncoming traffic turning into, or out of, the side streets.	Educators		
			Children will be reminded prior to the excursion to cross only when advised by Educators.	Educators		

Walking to and from Venue	Tripping while walking up steps / escalators. Park	Bottles, rubbish, dangerous items at the Park	Extreme	Educators are to do a thorough inspection of the venue prior to children playing on the equipment or sitting on the grounds. Educators are to remove any rubbish from the area if safe to do so. If there are any dangerous items which cannot be moved then educators should use boundary cones to cordon off the area and advise children of out of bounds space.	Educators	During excursion	Low
Walking to and from Venue Walking to and from Venue	Sun Burn, Heatstroke, dehydration, Extreme hot weather etc.	Extreme	Should the temperature become too hot to return to OOSH by foot, alternative arrangements will be made to ensure the safety of each child. Parents will be contacted and notified immediately should there be changes to the daily programs travel arrangements / pickup location.	Educators	Temperature to be assessed prior to leaving on excursion for a decision / alternate plans to be made	Low
General	Child Protection	High	Children will never be left alone with members of the public without supervision. All Educators hold WWCC.	Educators	During Excursion	Low

Park Equipment	Injury from swing / ropes structure / flying fox	High	Children will be reminded that the swing and flying fox is one child at a time, and a designated area will be set by educators and notified to all children. Children will wait for the swings on the side and approach from front when embarking. The eastern most swing has a crack directly under in the lino. Educators to supervise near here to ensure children are able to get onto and off the swing properly. If upon inspection before use the crack is lifting up or deemed unsafe, cones will be placed around this swing while the other 3 will remain in use. The Ropes Structure can have multiple children at a time and children will be reminded about the balancing equipment in the centre.	Educators	During excursion, prior to use of equipment	Low
Park Equipment	Injury from faulty equipment	High	Educators to check the Ropes Structure, Swings, Flying Fox, Pack Benches to ensure all equipment is in order and not faults. If any equipment is deemed unsafe, children will be notified and cones will be used to cordon off the affected equipment. The Spring Seat, Slide and small play equipment at the bottom of the park will not be in use.	Educators	During excursion, prior to use of equipment	Low
Park Equipment	Injury from tripping on crack near swing	High	Educators will remind children to take extra care when using the eastern most swing as there is a crack in the synthetic surface. If the crack is deemed unsafe on the day, follow the above process. (And as previously mentioned.)	Educators	During excursion, prior to use of equipment	Low

Park Equipment	Injury from hole in flying fox casing	High	Educators will remind children to take extra care when using the flying fox and to hold their hands away from hole in the casing. If the casing is deemed unsafe on the day, follow the above process.	Educators	During excursion, prior to use of equipment	Low
Park Equipment	Injury from tripping up/down stairs	Moderate	Educators to remind children to walk when using the stairs and to keep to their left when using them.	Educators	During excursion, prior to use of equipment	Low
Park Equipment	Injury from slipping on wet grass	Moderate	Educators to inspect grassed areas before use and to cone off any muddy or watery areas from use for play.	Educators	During excursion, prior to use of equipment	Low
Walkway to/from Park	Injury from spikes in plants, poor visibility of steps	Moderate	Educators will direct children around the middle stairway as it is over-grown and unsafe to use. Children will be directed to stay on the left hand-side of the sealed driveway until reaching the park benches. The opposite will occur when leaving, and the children crossing with direction of staff when safe to do so down the lower stairs to the main brick-pit driveway.	Educators	During excursion, prior to use of equipment	Low
Golf Equipment/Lesson	COVID-19 Transmission	High	All children will be given separate equipment to use and will be theirs to use for the entire session. All equipment is wiped before and after use by Thornleigh Golf Centre staff. Each child will have their own bag at the range. The coach will keep distance behind the bag where possible to minimise contact.	Educators	During excursion, prior to use of equipment	Low
Golf Equipment/Lesson	COVID-19 Transmission	High	Payment will be contactless card. Children will be guided through the premises around groups and other people where possible to maintain social distance. Children will be advised to only touch items that they have been instructed to.	Educators	During excursion, prior to use of equipment	Low

Golf Equipment/Lesson	Injury from equipment	High	Children will be given a safety induction on what equipment they will be using, which areas of the bottom to use and how to use the equipment. Appropriate distance between children in each booth will be maintained to minimise any injury from straying clubs. Children will be advised no access to driving to range due to safety reason.
